Takeaways: Where to Start and What to Expect from Enterprise Gen AI

01

Gen AI Is Production-Ready

1,001 use cases across 11 industries prove gen AI has moved beyond experimentation into measurable production deployment.

02

Start With Customer & Employee Agents

Conversational assistants and workplace productivity tools are the most common and proven entry points across all verticals.

03

Measurable ROI Is Achievable Within Months

Organizations report 500% ROI, 30% workload reduction, and 10,000+ hours saved — these are production results, not pilot projections.

04

Creative & Code Agents Are Emerging Fast

Multimodal creative production and AI-assisted development represent the fastest-growing frontier for enterprise gen AI.

05

Early Movers Gain Compounding Advantages

With 400 new use cases in the latest update alone, the pace of adoption is accelerating — delayed entry means widening competitive gaps.
