Common Patterns: Customer Assistants, Employee Productivity, Creative Scale

Takeaways: Where to Start and What to Expect from Enterprise Gen AI

1

Gen AI is Production-Ready Across All Major Industries

Not pilots, but production deployments generating measurable ROI. The 1,001 use cases represent real enterprise implementations, not experiments.

2

Customer and Employee Agents Are the Most Common Entry Points

Start here for quick wins. Conversational assistants handle queries, reduce wait times, and lower human agent workloads — visible ROI within months.

Best Entry Points

3

Measurable ROI Is Achievable Within Months

500% ROI (Mercari), 30% workload reduction (LUXGEN), 10,000+ man-hours saved annually (Toyota) — these are production results, not projections.

Fast Time-to-Value

4

Creative and Code Agents Are Emerging Fast

Virgin Voyages' hyper-personalized video campaigns, Figma's instant brand assets, Renault Ampere's developer productivity — the next wave of value.
